Note: V-bottom or cruiser style boats larger than 24 ft. will be wrapped on an estimate basis. Call for pricing.

We acknowledge that our winterizing prices have risen again this year but due to supplies rising we have had to raise materials again.

To accommodate this we have had to raise our prices accordingly so that we can continue to provide our customers this convenient, or in some cases, necessary service.

Oils and other materials are subject to change with little or no notice due to an ever increasing cost of materials. We are dedicated to keeping the cost as low as possible for our customers.

NOTE: All shrink wrapped boats not being stored at the marina will be charged a \$50.00 deposit that will be refunded when poles, and sheets returned to the marina from the shrinking process.
